Mann presents a possibly exculpatory family tradition. It makes me appreciate the history of my ancestors. Even before the voyage of Magellan, geographers had a strong belief in the existence of land beyond the southern ocean, and this was greatly strengthened by the passage of that navigator through the strait which bears his name, as it was naturally imagined that the land to the south of the strait formed part of a great continental mass.

It provides a continuity and identity and a connection to a significant event. There is a preface on pages by the author explaining how the book came to be. After David E. Philadelphia: J.

Josh, These two books are not of high value. Succeeding his grandfather, George Spenlow David Copperfield. He would make the country prosperous in order to wring from it abundant taxes for his sovereign; but he aimed at its entire submission and the transference of what remained of Irish soil to English owners.
