Recently, we have come to know that clinical trials that were being conducted in India have been interrupted 2 after reports of individual rights violations, which eventually leads to the need for legislating research in an effort to protect its participants. In Spain, the Royal Decree establishes that the sharing of responsibilities and collaboration between the AEMPS, as the competent authority, and the CEIm, shall be registered in a collaboration agreement.

If, from an ethical point of view, we know that the risks that the participants
