Rachael, I hope those socks pass uneventfully. As a user in the EEA, your approval is needed on a few things. You could also try giving Fido a gentle tummy rub, treating them the same way that you would if your dog had gas or bloating. November8, atam. It really does work. Keep a close eye and speak to your vet. He wanted to save me the hassle of picking his poo up obviously :-D:-D.

Sometimes a sock can be removed through endoscopy. I am very worried for his she definitely not normal for a pooing puppy to sound like they're playing castanets! If the dog was on the smaller side though, we would caution the owner about the risks for blockages and told them it was best to bring their dog in so he could be x-rayed and possibly undergo an endoscopy to get the sock out, which is less invasive than an actual surgery!
