Multi-national organizations cannot create a common culture, as much as they try. The most successful business book of the last decade, Reengineering the Corporation is the pioneering work on the most important topic in business today: achieving dramatic performance improvements.

Aworldthatseemsprettysterile.CapeTown:VillageofLeaders. No company can be successful, in the long run anyway, if profits are its principal goal. Though parts of game theory involve simple common sense, much is counterintuitive, and it can only be mastered by developing a new way of seeing the world.
